CONVERSATIONAL ENGLISH:

The More You Talk, The Better You'll Get!

> Part 1. Let's get started

Let's hear from everyone here today with you all offering a short chat about any topic you like!

For example, something new or different you did recently, a shopping story, a funny thing that happened to you, the last time you used public transport, perhaps an upcoming celebration.

Talking about ANY topic is good practice for improving your conversational English!

> Part 2. Pick-a-Topic-Card!

Conversation topics are written on small cards which are placed face-down on the table. A student selects one card and speaks about that topic.

If you don't like the topic on the card you selected, you can put the card back on the table (face-down) and choose another one.

There are lots of different topics to choose from!
